NEW CASES FILED IN SUPERIOR COURT

Civil Actions Brought and on File
With Clerk of Court

1003. Nora Gray vs O Gray; action for divorce.

1004. Edith Summerfield vs A Summerfield; action for divorce.

1005. L. Redd vs E. Haymore et al; action for debt.

102. J. Callum vs W. Schultz; debt in sum.

Judgment in suit—

477. F. Baker, Dr. Ariz. B & T Co. Cr.; \$200.

844. M. Mars, Dr. H. H. Rivers, Cr.; \$5.

797. R. Tadlock, Dr. Douglas Hardware Co., Cr.; \$228.4.

PROBATE PROCEEDINGS

Estate of—

T. Cowan; order continuing hearing.

George Thompson; Allen Thompson appointed admr.

Guardianship M. Flank, insane; Feb. 20 day for appointment of guardian.

D. Hiatt; Annie Hiatt authorized to accept \$4500 for all damages.

J. Vickers; hearing continued to Feb. 20.

W. Beene; case continued to Feb. 20.

George Thompson; George Bravin, Sam Watt and Sam Morgan appointed appraisers.

I wish there were some wonderful place
Called the Land of Beginning Again.
Where all our mistakes and all our
heartaches
And all of our poor foolish grief
Could be dropped, like a shabby old
coat, at the door,
And never put on again.

We should find all the things we in-
tended to do
But forgot and remembered too late,
Little praises unspoken, little prom-
ises broken,
And all of the thousand and one
Little duties neglected that might
have perfected
The day for one less fortunate.

CHRISTMAS DESSERTS.

Cold desserts may be made the day
before, an advantage when one has
but little help to
prepare the meal.

Chocolate Ruau.
—Soak a table-
spoonful and a half
of gelatin in three
tablespoonfuls of
cold water, dissolve
it in a cupful of
scalded milk. Put a tablespoonful of
grated chocolate, two tablespoonfuls
of sugar, a tablespoonful of boiling
water into a cup and stand this in a pan
of hot water until the chocolate is
melted, then add the mixture to the
milk and gelatin. Whip a pint of cream
until stiff, add to the first mixture,
blending all together well. Line a
mold with sponge cake or lady fingers
and just before the cream mixture sets
pour into the mold. Set in a cold
place until serving time, then turn on
to a fancy platter and decorate with
whipped cream and candied cherries.
Dip the mold in hot water and run a
thin-bladed knife between the mold
and the lady fingers before unmolding.

Fruit Nut Cream.—Whip a cupful
and a half of cream, add two table-
spoonfuls of sugar, a half cupful of
chopped nuts, two tablespoonfuls of
minced candied orange or grapefruit
peel or other candied fruits. Serve in
sherbet cups lined with lady fingers.

Mince Meat.—Take a pound each
of raisins, suet, currants, half a pound
of orange peel and citron, one pound
of sugar, two pounds of apples, 1 1/2
tablespoonfuls of mixed spices, a table-
spoonful of salt, juice and grated rind
of two lemons, a cup of nut meats and
a cup of cider. Chop the suet fine and
mix all the ingredients together. The
nuts and apple should be chopped also.
Cover and set aside to ripen.

Cabbage sliced and seasoned with
salt, pepper and vinegar is a good
accompaniment for oysters.

Relish Mayonnaise.

NEWSY ITEMS OF ARIZONA

Prepared in Condensed Form From
All Over the State

Conference of Mayors

Announcement has been made by
George U. Young, mayor of Phoenix
that Feb. 8, had been selected as the
date for the conference of mayors of
incorporated towns of Arizona. Ar-
rangements for the meeting, which will
be held in the assembly room of the
hotel Adams at Phoenix are practically
complete.

Scholarship Prizes

The three \$100 scholarship prizes in
the 1914 contest offered by the Agri-
cultural Extension Service of the Ari-
zona College of Agriculture for the best
one half acre of cotton, one acre of
corn and one acre of grain sorghum
will be decided within the next two
weeks, according to Lee S. Parke, su-
perintendent of the boys' and girls' clubs
in Arizona, who has his head-
quarters at the University of Arizona.

Sneak Thieves Rob Market

Sneak thieves entered Valenzuela's
Patagonia Meat Market Sunday night
and stole four bits, all that had been
left in the till Saturday, and a couple
of orders on local stores. Some fruit
was also taken. Mr. Valenzuela had
sold out all his meat the day before and
was awaiting another shipment, so the
thieves did not get any goods other
than the fruit. They got in by using a
long wire to raise the catches on the
rear door.

Work Progressing

Work at the Gringo mine, in the
Patagonia district, now in charge of A.
W. Houck of the El Paso Mines and
Leasing Company, has progressed rapidly
in the month past. A number of men
have been employed getting the
shaft in shape, driving a tunnel and
overhauling the mill. Five stamps are
dropping and the full capacity will be
reached soon.

Arizona Wins

WASHINGTON, D. C., Feb. 13.—In
the intercollegiate shooting competi-
tion, class C, Arizona, made 869 against
the University of Washington's 835.

Child Seriously Hurt

Panic stricken when he saw an auto-
mobile close behind him, little Jack
French, aged 4, son of Mr. and Mrs. O.
S. French, of Bisbee, bolted in front of
the machine, with the result of possibly
serious injuries. The accident occurred
at Castle Rock curve shortly after
noon. The machine was being driven
slowly around the curve when the little
boy and his sister, a few years older,
started to cross the street ahead of it.
Midway the boy saw the machine and
became frightened. The driver of the
machine, J. F. Chain, of Tombstone
canyon, did everything possible to
avert striking the child, but with no
avail.

Earthquake Frustrated Plan

That the historic earthquake in San
Francisco had frustrated the plan to
smuggle him into the United States.
was the statement made to Chief In-
spector A. E. Burnette of the United
States immigration service by Soo Buck
How, a Chinaman captured by Chief
Inspector Jeff Milson of Fairbanks and
brought to Tucson.

Wedding Present

As a wedding present to his bride, E.
F. Sanguinetti, of Yuma, gave an eight-
cylinder Cadillac automobile. The au-
tomobile was delivered the latter part
of last week by Bob Burns, who went
to Yuma to deliver it. Sanguinetti is
one of the leading business men of
Yuma and is said to be the wealthiest
man in Yuma county.

Agree On Refund

An agreement between George J.
Stoneman and Attorney General Wiley
Jones, the former representing the L. A.
Van Dyke Water company of Miami,
and the latter the state, a court order
has been issued authorizing the corpora-
tion commission to refund the excess
collections for water rent from May 25
to August 5, 1914. The refund is to be
made by a representative of the cor-
poration commission at Miami Febru-
ary 25.

Seized In Arizona

That the live stock seized and sold

for taxes by the county assessor of Mo-
have county belonged in Arizona a d
not in Utah, is the statement of Asses-
sor F. L. Hunt in a report on the mat-
ter to the state tax commission.

Painted and hatched and called in
Yavapai county will probably be on
the bills of fare in a number of the
hotels in the state by the middle of
August. This announcement has been
made following the first shipment of
200,000 eggs and 50,000 fry from Utah
to the new hatchery of the Crystal
Springs Trout company at Skull val-
ley. The plant which was constructed
for the propagation of mountain trout
was just been completed and the work
of planting the spawn and starting the
large hatchery was begun last week.

Burglar Foiled

The second attempt within a month
to burglarize the jewelry store of P. A.
Rally, at Tucson, was made Tuesday
afternoon about 2 o'clock. In this in-
stance, as well as in the last, the would-
be thief was foiled by the efforts of the
proprietor himself.

WEDNESDAY

Los Angeles to Tap Borderland Route

Unable to "put over" its snowbound
northern Arizona route against the
sunny, "open all the year" Borderland
route, Los Angeles is arranging to con-
nect with the Borderland.

For years Los Angeles has fought the
Borderland route, because as at present
laid out, it takes tourists from the east
first to San Diego, then to Los Angeles.
The Los Angeles automobile dealers
and the members of the Automobile
club of Southern California, have boost-
ed the so-called "Old Trails" road
—which does not trail the old trails
—the Lincoln highway and any other
road that did not contemplate reaching
San Diego before it reached Los An-
geles, but every winter these roads be-
come impassable while the Borderland
remains open.

Still showing the smallness of its
position in fighting its neighbor, San
Diego, Los Angeles has at last "come
to its bacon," as expressed by R. H.
Rinehart, president of the El Paso Au-
tomobile club, and is now arranging to
tap the Borderland in the Imperial
valley and make a drive for the traffic
direct into Los Angeles. To do this,
Los Angeles is planning to build a road
along the Southern Pacific railroad di-
rect to the Imperial valley to connect
with the present Borderland road at El
Centro.

The Borderland now turns toward
San Diego at El Centro. Los Angeles
would build a road from El Centro
north to Brawley, then take the road
straight towards Los Angeles, running
along the south bank of the Salton Sea
to Mecca, then following the Southern
Pacific railroad on the south to Los An-
geles, through Coachella, Indio, Indian
Well, Palm Springs, Banning, and
Beaumont into Redlands. From Red-
lands to Los Angeles there is a fine
road.

"The trade of the Imperial valley" is
given as reason for the construction of
this road, but it will tap the Border-
land route just the same. The Los An-
geles Examiner of last Sunday printed
a map of the proposed new road, con-
trasting it by "circuitous route by way
of San Diego," and accompanied it
with the following article:

"Decisive action will result in hun-
dreds of thousands of dollars being ad-
ded to Los Angeles' trade is expected to
be taken by the chamber of commerce
immediately, following the filing of a
report by O. K. Parker, the road au-
thority, and W. W. Pedder, who have
made the trip over the route of a short
highway into Imperial valley by auto-
mobile. Upon the detailed findings of
the special representatives of the cham-
ber of commerce will be based the cam-
paign for the buildings of the business
getting road.

"The physical conditions to be met
and the financial aid necessary for the
tapping of the fast developing upper
end of the Imperial valley will be con-
tained in the Parker-Pedder communi-
cation."

THURSDAY

Negro Shot In Drunken Brawl

Rob Robertson, colored, former mem-
ber of the 9th cavalry is in the C. & A.
hospital in a serious condition but with
chances favorable to his recovery.
Robertson has two bullet wounds in his
body, one just below the heart.

Wm. Bailey, also colored and former-
ly of the 9th, is in jail at Tombstone,
where he was taken today from Naco
today by Deputy Sheriff Newell charged
with shooting with intent to kill.
Bailey fired upon Robertson as the lat-
ter ran from him after an altercation
last night at Naco, at the end of which
Bailey drew a gun. Both men had
been drinking on the other side of the
line.

The doctors said this afternoon that
the chances were very fair for the re-
covery of Robertson, brought to the
hospital after the shooting. He is rest-
ing easily and responding well to treat-
ment.—Bisbee Ore.

William Arndt, Jr.,

Victim of Attack

BISBEE, Ariz., February 17.—
William Arndt, Jr., lies in the Cal-
umet and Arizona Hospital on what
promises to be his death bed. He was
the victim, at some early hour yester-
day morning, of a murderous attack,
in which he sustained a fractured skull.
From the few tendrils of evidence, mutely
surrounding the body of the young
man when he was found, and picked up
subsequently, robbery was the sole moti-
ve for the attack.

When William Arndt, Sr., returned
from his work yesterday morning about
7 o'clock, he went to his son's door.
It was locked. He looked around and
saw some keys lying nearby and pick-
ing them up found them to be Arndt,
Jr.'s. He entered the room and was
confronted by the gruesome sight of
his son, lying in a pool of blood across
his bed.

A hammer, and a heavy piece of iron
were the only two things in the room
which could have inflicted the wounds
on Arndt's head. No blood was to be
found on the hammer but a slight
amount was found on the iron weight.
It is supposed, however, by the police,
that the blood on the latter instrument
was splashed upon it. The theory con-
sequently, is that the instrument with
which the deed was committed was
brought into the room and taken
away after the commission of the crime.

That robbery was the motive of the
attack seems assured. Both the city
officers and the county authorities have
let no stone go unturned to clear the
mystery. The officers are hoping that
the young man may regain conscious-
ness and throw some light on the mat-
ter.

Without a clue, practically, are the
officers working. It is one of the most
puzzling cases ever to come before
their attention.

Dirty Scales Mark of Careless Dealer

PHOENIX, Feb. 17.—That store-
keepers and dealers generally do not
take proper care of scales and weighing
devices, is the statement of G. N. Cres-
well, state inspector of weights and
measures, who is now on his annual in-
spection tour of the state.

"I find many scales in bad shape that
cannot be condemned as false," said
Inspector Creswell Saturday, at the
close of his first week of inspection. "A
scale should be gone over at least once
every three months and thoroughly
cleaned. But so long as they can weigh
anything on it, dealers generally do not
seem to care how dirty the bearings be-
come. Often, instead of cleaning their
apparatus properly, they try to grease
the bearings, with the result that the
scale is in worse shape than before."

A Hard Blow.
"Poor Mrs. de Reeger is broken-
hearted. They can't send her any
more Paris gowns. That suit she's
wearing was made here in town."
"What a pity! I never saw her look-
ing so well."

CITY COUNCIL ADOPTS PLAN TO FURTHER MUNICIPAL ELEC- TRIC LIGHTS FOR TOMBSTONE

MONDAY

At the mass meeting held in the Council Chambers in
the City Hall Saturday night, in pursuance to the call of
Mayor Kuchenbecker, the people of Tombstone held a very
enthusiastic gathering and went into the matter of a mun-
icipal plant for the distribution of electricity for light and
power service. The matter was discussed "pro" and
"con" for two hours and the report of Electrical Engineer
I. A. Rosok was read and discussed. It was the unani-
mous opinion of the large crowd present that the council
proceed in accordance with the power of the city charter,
which invests the power in the council that they proceed
at once to make a contract with Mr. Walter Douglas, Trus-
tee of the Phelps-Dodge Tombstone properties, to furnish
the power.

The Council will proceed in accordance with the wish
of the taxpayers. This is no doubt the one best chance
for eventually cheaper lights, an excellently lighted city,
a chance to help the housewife, and to develop many small
power plants and conveniences that any city many times
the size of Tombstone has ever had.

This kind of a deal relieves the city of the burden-
some part of an electric plant, receiving the current, as
they will, from the mill, and the plant will give us a ser-
vice twenty-four hours each day. This move on the part
of Mr. Douglas, representing the Phelps-Dodge people,
shows the kindly interest that this company is already
showing in Tombstone and it's future.

TUESDAY

The Tombstone City Council met at the City Hall last
evening in response to a call by Mayor Kuchenbecker for
a special session to consider plans for the electrical system.
The matter was discussed and it was unanimously decided
to follow the wish of the people of Tombstone and proceed
with the proposition and push it to a close as soon as pos-
sible.

Sheldon Ijams, electrician, was appointed by the coun-
cil to cover the city thoroughly and ascertain as far as
possible how many consumers the city could rely upon to
take the juice, to begin with. These figures are neces-
sary before a rate can be established, and will govern the
rate from the company to the city. The mayor and coun-
cil are anxious to bring the matter to a close as soon as
possible, and as soon as Mr. Ijams has covered the city,
the council plans to send Councilman Gilmore to Bisbee
to perfect final arrangements with Walter Douglas and close
the contract. The money will then be raised at once and
work commenced on the project.

The action of the mayor and common council is fully
in accord with the wishes of the taxpayers of the city, and
they are to be congratulated on the interest they are tak-
ing in the matter, which will mean much to the city, and
it's people.

Mr. Ijams expects to have his report in within two or
three days and it will not take long for things to adjust
themselves that the work may begin.

MONDAY

Duncan Bank Robbers Sentenced

CLIFTON, Feb. 12.—On Thursday
afternoon at 2:00 p. m. Joe Hale, aged
twenty-five, and son of J. J. Hale, who
has a ranch on the Blue River, and J.
F. Mack, were brought into the Super-
ior Court to receive sentence for the
robbery of the Bank of Duncan, at
Duncan, on the afternoon of September
15th. The sentence was not less than
ten years or more than ten years of
more than twenty. A week previous
both men plead guilty to the informa-
tion lodged against them. Before
pleading guilty both Mack and Hale
made a full confession regarding the
hold-up and in this confession impli-

cated Ira Greer as the instigator of the
plot. Greer is now confined in the
county jail but has not yet been given
a preliminary hearing. When first
placed under arrest Greer stoutly de-
nied any connection with the bank ro-
bbery but the officers are of the opinion
that he will likewise confess his par-
ticipation in the bold affair before he is
brought to trial.

It is the belief that both Hale and
Mack squandered their ill-gotten gains
in riotous living before they were ap-
prehended by the Sheriff at Roaring
Springs, Texas. At the time of their
arrest Mack's bank account showed a
balance of \$170 and Hale had a deposit
of \$301.

Sincerity Above All.
Be resolutely and faithfully what
you are. Be humbly what you aspire
to be. Man's notable gift to man is
his sincerity, for it embraces his in-
tegrity also.—Henry D. Thoreau.
